PROFESSIONAL SUMMARY

Motivated B.Sc. Information Technology graduate with hands-on experience in full stack web development. Proficient in building scalable web applications using React, Node.js, Laravel, and Flask. Strong foundation in frontend development, backend integration, and database management. Skilled in developing REST APIs, JWT Authentication, MVC Architecture, and database-driven web applications.

TECHNICAL SKILLS

Frontend	HTML5, CSS3, JavaScript (ES6), React.js
Backend	Flask, PHP, Laravel, Node.js (Express.js)
Database	MySQL
Authentication	JWT Authentication, OAuth 2.0, Firebase Authentication
Languages	Python, C, Java
Concepts	REST APIs, MVC Architecture, CRUD Operations, Responsive Design
Tools	Git, GitHub, Postman, Bruno

EXPERIENCE

Software Intern – Full Stack Development (Laravel)

Sep 2024 – Apr 2025

DCE Technology, Virudhunagar

- Completed a 7-month internship in full stack web development using the Laravel framework.
- Developed and maintained modules using MVC Architecture.
- Implemented database integration and user authentication features.
- Contributed to real-world projects and collaborated with the development team.

Software Intern – Python Flask Full Stack Developer

Jul 2025 – Mar 2026

DCE Technology, Virudhunagar

- Developed full-stack web applications using Python, Flask, and MySQL.
- Built RESTful APIs and integrated frontend applications with Flask backend services.
- Implemented JWT Authentication, database design, and deployment best practices.

PROJECTS

Hostel & Hall Ticket Management System | Technologies: React.js, Flask, MySQL

- Developed a multi-role platform for Students, Staff, Admin, and Hostel Admin.
- Implemented Hall Ticket Approval Workflow using React and Flask REST APIs.
- Integrated JWT Authentication and MySQL Database Connectivity.

Industrial Management System | Technologies: Laravel, MySQL

- Built a web application to track dye and mold production processes end-to-end.
- Implemented user authentication and MySQL database integration.

Task Management System (Ongoing) | Technologies: React.js, CodeIgniter, MySQL

- Implemented Google OAuth, Zoho OAuth, and Firebase Authentication for secure user access.
- Developed REST APIs and integrated frontend modules with backend services.

EDUCATION

Bachelor of Science in Information Technology

VHNSN College, Virudhunagar | CGPA: 7.4/10
